

Open Mobile 2.0.2 for Windows Release Notes

VERSION 1.5, JANUARY 2011

These release notes contain the latest news and information about Open Mobile 2.0.2 for Windows, including new features and resolved issues.

New Features

The Open Mobile 2.0.2 release includes the following new features:

- The Open Mobile ODF engine will now support 4G devices, as well as locked devices, by selecting a local context and dialing the provided string (Some Verizon devices are locked.).
- Full integration support has been added for the Qualcomm Gobi 3000 Mobile Broadband device, on Lenovo and HP laptops.
- TWVA has been upgraded to version 5.2.1.3.

Resolved Issues

This release of Open Mobile resolves the following issues:

Issue ID	Description
113878	Open Mobile will no longer automatically launch the VPN after a reboot if connected to the corporate network.
114046	An issue was resolved that could cause Cisco AnyConnect integration to not work correctly in some environments.

Known Issues

The following issues are known for this release of Open Mobile.

Issue ID	Description
114578	In some cases where the MNC is less than 3 digits, the Gobi 3000 HP un2430 3G card will be recognized by Open Mobile but may fail to detect the network. To make use of this device, use ODF integration instead.

Issue ID	Description
114355	The Ericsson F3507g Mobile Broadband device will fail to associate with the Vodafone India network.
114358	<p>On some Lenovo laptops, the Gobi 3K device will not detect 3G networks without installation of the proper drivers for the Windows platform. These drivers and their download locations are listed here:</p> <ol style="list-style-type: none"> 1. <i>Hotkey Features Integration</i> - Driver name: 8jvu12ww.exe Driver location: http://download.lenovo.com/ibmdl/pub/pc/pccbbs/mobiles/8jvu12ww.exe 2. <i>Power Management - Power Manager</i> --> Driver name: 8mu713ww.exe Driver Location : http://download.lenovo.com/ibmdl/pub/pc/pccbbs/mobiles/8mu713ww.exe 3. <i>ThinkPad Power Management driver for Windows 7 (32-bit, 64-bit), Vista (32-bit, 64-bit), XP (32-bit, 64-bit) - ThinkPad</i> --> Driver Name: 8jku02ww.exe Driver Location: http://download.lenovo.com/ibmdl/pub/pc/pccbbs/mobiles/8jku02ww.exe 4. <i>ThinkPad Power Manager Patch module for Windows 7 (32-bit, 64-bit), Vista (32-bit, 64-bit), XP - ThinkPad</i> --> <i>Patch module for ThinkPad Power Manager</i> --> Driver name: 00u401us.exe Driver Location: http://download.lenovo.com/ibmdl/pub/pc/pccbbs/mobiles/00u401us.exe 5. <i>ThinkVantage Access Connections for Windows XP Professsional:</i> Driver name: 83cx71ww.exe Driver Location: http://download.lenovo.com/ibmdl/pub/pc/pccbbs/mobiles/83cx71ww.exe
